

Saphir

**Use in brewing:**

Aroma hop.

Substitutions:

Mittlefruh

Origin/History:

Developed at the Hop Research Centre in Hüll, Germany and released in 2002. Saphir was bred to have similar characteristics to Mittlefruh, though with a higher level of disease resistance.

Agronomics:

Matures early season with a moderate yield.
Resistant to both downy mildew and powdery mildew.

Organic Status:

Also available in Organic

Storage:

Moderate.
